

# PASSPORT

UTAH PHI BETA LAMBDA  
2009-2010

# Introduction

---

Welcome to the Utah Phi Beta Lambda 2009-2010 Passport Program. This year your state officer team has worked hard to create a program of work that would benefit your chapter members throughout the year. The Passport has activities separated into four specific categories:

- Africa: Service
- Asia: Education
- Europe: Teamwork
- North America: Progress

Within each region of the world, you are given multiple options of activities to do. As a chapter you will want to complete as many of these activities as possible. The more adventurous activities will get you more miles (points), but that doesn't mean that you should skip out on a smaller activity. Once you have completed an activity, you will need to have it stamped off by a State Officer. You will need to find a State Officer at one of our conferences and tell them about your experience in order to have it completed. Opportunities to receive a stamp include attending the Fall Leadership Conference, inviting a state officer to an activity, or attending any of the high school region competitions. If we miss you at any of these activities, you may receive a stamp at the State Leadership Conference in the Spring. The chapter that earns the most points will earn a pizza party given by the state officer team.
